DIRECTOR'S VIEWS....

Education enables a person to rediscover his identity and enhance his self respect. The aim of getting educated is not only to attain knowledge but also attain the ability to act.

We laid down the foundation of our institute, Prime Career Institute with an idea of establishing such an educational hub which specializes in all fields with high quality education and best facilities. Now with the Almighty's blessings, we have been able to convert our goal into actions.

We feel happy to share that our premises 'Prime' has been equipped with all modern amenities which would facilitate imparting quality education to our students. We take this opportunities to thank

Thankyou!parents for showing their trust in our institute and the facilities and office staff for thier honest efforts and support to make Prime a premiere and successful institute.

Thankyou!

HISTORY OF PRIME

The **GOLDEN ERA** of Prime began in the year **2016** with the vision to provide qualitative education. Dilip Yadav started this venture to mould the students from raw iron to hard steel. Their motto was to build a perfect hub synchronised with unbeated faculties and to bring up the polished diamonds to serve the nation.

The founders never looked back then. They kept running the engine of the three gears in their heart - Hope, Hard work and Preserverance Perfection worked with dedication under one roof that resulted from one class room to 6, 1 staff to 18, 1 course (IIT) to 8 courses (8th, 9th, 10th, 11th, 12th, summer, dropper), 100 students to 300 students in a year and most importantly these three pillars were multiplied themselves to a cluster of 25 elite faculties. To provide our best quality coaching across the country we started virtual classes (Live as well as recorded mode) from March 2020.

The Institute has produced best students in the past due to its high standards of faculty, resources, and infrastructure. Today it is going in a big way as a premier institution which guides the students to do well in challenging professional courses. The excellent performance of our students and dedicated efforts of our faculties make the institute a perfect choice for an individual aspiring to build a career in professional courses.

OUR OBJECTIVES

Providing quality knowledge

Recovery of 100% syllabus

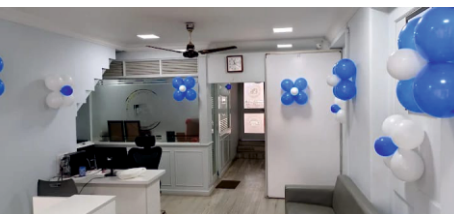

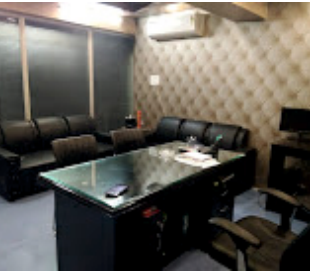

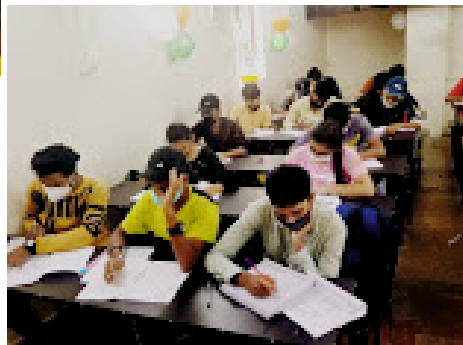

Impact on value based education

Making your hidden skills and talents prominent

Excellent guaranteed results

OUR MISSION

1. To impart quality education through traditional and innovative learning practices.
2. To provide a dynamic and creative academic environment, to tap and nurture talent for the development of professional skills and an all round personality.
